Open the Mozilla Firefox web browser and click the RSS icon on the website you want to subscribe to.

At this stage, you can choose to set up an RSS feed in either ‘Microsoft Office Outlook’ or ‘Live Bookmarks’.

Select the ‘Bookmarks Toolbar’ to create your RSS feed in a folder on the browser toolbar. Click ‘Subscribe’ to complete the RSS subscription process.

The new RSS feed should appear in the browser toolbar. In the toolbar above Latest Headlines and Latest UTAS News are RSS feeds.

Clicking Latest UTAS News will list the most recent RSS feeds for the website/page. When you click on the title of the article/update, your browser window will open. To open it in a new window, right click on the article and select ‘Open in new window’.
